The Cleveland Wool Depot

Has been established over six years, and it is now the largest and most successful in the city.

It is fully supplied with those who have patronized it during this entire time.

The change made one year ago in confining its sales to cash has made a universal trial, it is proposed to make a permanent feature of the business.

Any person can collect a few clubs, obtain a valuable collection of Books in a short time, without any actual cost, save a few moments leisure time.

They can make a good profit, and besides, besides supplying themselves with valuable Libraries, are realizing handsome profits from the sale of gifts accompanying their books.

Catalogues giving full particulars will be sent to any address.

WHAT THE PRESS SAY:

They are a significant cause of great interest and value to the army and navy, and are distributed among the troops of all nations.

Wool Growers or Merchants

Having Wool to dispose of, that this system of clearing it by the handling wool will prove the best way of marketing it.

They make no promises that can be strictly performed, but by advertising their services, and by giving a full guarantee, they will be able to make a good profit.

RELIGIOUS NOTICE

The Rev. J. Edwards, D. D., formerly of Fort Wayne, will preach in the 1st Presbyterian Church, to-morrow morning, at 10 o'clock.

Mrs. M. F. HULETT, will lecture on Harrietson Philosophy, at Colerick's Hall, to-morrow, at 2 o'clock in the afternoon, and half past seven in the evening.

We have been absent on a railroad excursion for three days, and only returned last evening—to write to much this week.

New Penitentiary.

Gov. WILLARD, is expected to be here on about next Wednesday, to examine the proposed site for the New Penitentiary, and decide upon the location. Previous to coming here he will visit Lafayette, Michigan City, Logansport, Kendallville, and some other points which have been considered for the location, so that he will be fully prepared to ratify the report of the commissioners, and confirm their location of the Penitentiary here as the most eligible point. The citizens of Lafayette are still driving vigorously to have the location changed to that city, and we learn further that certain railroad functionaries are assisting the effort, and have expressed a very decided resolution to prevent the Penitentiary's being located here. The efforts of these foreign monopolists to control public affairs in Indiana are, to say the least, highly indigorous and impudent; but they will fail in having any effect. The State of Indiana is not to be dictated to by any outside influence, and least of all by a corrupt clique of shaven and rail-road functionaries. The Governor will doubtless promptly rebuke their offensive interference, by emphatically endorsing the erection of a location already made by the Commissioners.

We understand it is the desire of Governor Willard that no public demonstration be made on his arrival among us. While showing due respect in his wishes in this matter, we citizens will not let the occasion of the visit of their chief Magistrate on an official business of such importance to our city, pass without paying such attention and showing such respect as the Governor from his high official position, and many private visitors, is justly entitled to receive from his fellow citizens.

Our Public School.

We have already adverted to the fact that the school fund will be exhausted at the close of the present term, June 2d, and that the schools must be closed until next spring unless means are provided for continuing them at private expense. This would be much to be regretted, as besides the loss to the scholars, who would inevitably forget much of what they have learned, we should lose our present able corps of teachers, and might not be able to supply their places with others as generally acceptable.

The City Board of School Trustees have issued a circular recommending that the schools be kept open and the expense met by a regular charge on each scholar. If this be properly responded to, and a sufficient number agree to the proposition, to meet the expenses of teachers' salaries, the school will be reopened on the 1st September next, after a recess during the last months of July and August, and kept up uninterruptedly until the next year's public funds are received. We hope it may be done, and our children secured in the advantages they now enjoy in our present excellent schools, which are better and much cheaper than any private schools which could be established. The charge for each scholar are estimated at the lowest possible amount which would be sufficient to pay the teachers for a term of 14 weeks, commencing on the 1st September next, as follows:

Primary Department, 8 2 60

Secondary do. 4 00

Grammar School, 5 50

High School, 10 00

Two such terms will carry the Schools until next March, when the public funds would be available for continuing them without interruption. By this arrangement, pupils can have a full year's schooling in the Primary Department, at a cost of \$5 00 each; in the Secondary Department for \$8 00; in the Grammar School for \$11 00; and the High School for \$20 00.

"Any parent who fails to receive a copy of the circular, can be supplied by calling at this office.

"Old Virginny never tire!"

Virginia Election.—The last accounts from the Old Dominion, leave (item) 3,000 ahead for Governor. The chances to have him will increase his majority to 5,000. The delegation to Congress, consists of ten regular nominated democrats, two independent democrats, and one opposition.

The first telegraphic accounts were, as usually the case, unfavorable to the democrats, and some狂热的 republicans flattered themselves they had carried the State, and were preparing to make great demonstrations on the occasion. The result shows how little confidence should be placed in such reports. Virginia has never failed in its support of democracy, and it was absurd to suppose it could on this occasion go over to such a party as the present abolitionists.

They will issue a ready sale of this cheap edition, and prove we trust, remunerative to the enterprising publishers. It is commendable to do anything that will, even in a small degree, stay the present rising appetite for parochial reading. By satisfying the cravings of those who desire fiction with some of the healthiest of its order, is preventing evil, and negatively at least doing good. There are no works of the imagination which can effectually accomplish this as the novels of Sir Walter Scott. They are to say nothing more, are harmless. It is even astonishing, that through so many volumes there should be found so little that religion or morality would disapprove. For beauty of style, equanimity of expression, vividness of description, and interest of subject, Scott stands in the foremost rank. His works will be read most willingly, and not infrequently with profit. One volume is issued every Saturday, and each one is got up in neat style, all of the same size, and are printed at the rate of 25 cents a volume, or the whole 26 volumes for \$6, and sent free of postage to all, on receipt of the sum. This low price should place a seat to them, within the reach of every body in the land; and we should take this occasion to advise all of our

readers to make a remittance of \$5 at our, first mail to T. B. Peterson & Brothers, Philadelphia, for the entire set, who will send them complete to any one, free of postage, on receipt of the sum.

RAILROAD EXCURSION.

On Wednesday last a railroad excursion, planned by the Cincinnati, Hamilton, & Dayton, and the Michigan & Dayton Railroad Companies, to inaugurate the opening of the latter road from Dayton to Lima, was held. From 300 to one thousand citizens of Chicago and Milwaukee proceeded in a train provided for the occasion, accompanied by the Chicago Light Guard Brass Band, on the Pittsburgh, Fort Wayne & Chicago Railroad, to Lima, and thence by the Michigan & Taylor, and Ca. & Na., & Dayton roads to Cincinnati. This is a new, direct, and most excellent route between the two great western cities—the metropolis of the Lake region and Mississippi Valley, and will when it becomes known, create a large portion of the travel between those cities. It is run with great regularity in 14 hours, forming the cheapest, best and quickest route between Cincinnati and Chicago and the north west. It also gives us at Fort Wayne a new and good route to Cincinnati, shorter by some 40 or 50 miles than any other yet opened. The new road is in good condition, well ballasted and finished, and is smooth and ready to ride on as any old road. It is destined to become a favorite route.

In company with a few other of our citizens we joined the party at this city, and participated in the festivities of the celebration. We regret our limits and time do not permit us to give as extended a notice of the affair as it deserves, and confine us to a very brief sketch.

After leaving Fort Wayne the train proceeded to Lima, where several additional cars were attached, and thence switched off on the road to Dayton. At that place an abundant entertainment was furnished to the passengers by the excitements.

Here also, a large company of officials and prominent citizens from Cincinnati met and welcomed the party, increasing the train to 21 cars, which reached Cincinnati about daylight on Thursday morning—the great length of the train having compelled them to run slowly.
